[illegible] THEIR LEADER

First, Last, All the Time, Say Wisconsin Democrats.

THEIR PLATFORM IS OUTLINED

State Convention of Wisconsin Democrats at Milwaukee—Reaffirm Their Allegiance to Jeffersonian Democracy.

Milwaukee, Wis., Feb. 15.—When the state democratic convention to select delegates at large to the national convention resumed its deliberations Friday, the committee on permanent organization reported its selection of Evan A. Evans, of Baraboo, as permanent chairman Mr. Evans made a lengthy speech touching on various national issues, and criticising the republican party throughout, charging that party with many abuses and practices. He concluded by paying a glowing tribute to William Jennings Bryan, in whom, he said, "you see democracy personified; see democracy at her best."

At the conclusion of Mr. Evans' speech the committee on resolutions presented its report as follows:

The democratic party of the state of Wisconsin, in convention assembled reaffirms its allegiance to the time-honored principles of Jeffersonian democracy and declares its untiring hostility to the sham and hypocrasy of the republican national administration.

It charges that the appalling abuses disclosed in recent messages of the president are the direct results of the long continued reign of the republican party in national affairs.

The people can no longer doubt the treasonable perfidy of the system of government fostered and maintained by the republican party, since the republican president himself has furnished the evidence against it. Its malefactors convicted and unconvicted are but the shameless products of a system of public plunder and debauchery that has been too long endured by a patient suffering people.

We regard with just pride and admiration that typical American, that tireless leader who has blazed the way to wholesome public opinion and has championed the cause of the entire country. His zeal and untiring energy, his wise and far-seeing statesmanship, stamp him as the greatest living American statesmen and endear him to all who believe in equal rights to all and special privileges to none. We therefore declare that we are unanimously and unqualifiedly in favor of the great commoner, William J. Bryan as the next democratic candidate for president of the United States, and we hereby instruct our delegates to the national convention at Denver, to vote for William J. Bryan as the democratic candidate for president, first, last and all the time.

MAY OPPOSE WAGE CUT.

Chiefs of Locomotive Engineers Hold a Meeting Regarding Reduction.

Cincinnati, O., Feb. 15.—Following a secret conference late Thursday, chiefs of the Brotherhood of Locomotive Engineers called on General Manager Horace Baker, of the Queen & Crescent, to discuss with him the recently announced reduction in wages on that railroad. Nothing was given out in advance of the conference as to the position that the engineers had decided to take, but there was an unofficial report that they intended to oppose the cut on the ground that they had a formal wage agreement with the road which had several months to run before any change could be made.

Verdict Was Applauded.

Knoxville, Tenn., Feb. 15—W. S. Vestal was Wednesday acquitted at Knoxville Tenn., of the charge of murdering Chalmers Vestal at Bristol, Tenn., about one year ago. When the verdict was announced the throng assembled in the court room applauded.

It is stated that the indictment against Mrs. Vestal alleging complicity in the reputed killing of her husband may now be nolle prossed.

MAY BE MAN WANTED.

Believed Calderone Made Bombs Used in Late Black Hand Outrages.

New York, Feb. 15.—In the person of Vincenso Calderone, who was arrested Thursday night the members of the Italian detective squad believe that they have captured the man who has made the bombs used in many, if not all, of the recent "black hand" outrages in New York.

Calderone was formerly a manufacturer of fireworks at Maspeth, L. I., but four years ago his little factory was blown up, his wife killed and he himself was badly injured. He was unable to continue his work as a manufacturer and therefore came to New York and went into the business of peddling fruit. He roomed in a tenement house in Elizabeth street and was not suspected until a short time ago. Then four of the Italian detective squad at headquarters were detailed to discover the perpetrators of a bomb outrage through an Italian bank. The four detectives were at work on the case when a couple of days later the Hotel Savoia, only a few doors from the tenement, was blown up.

After some investigation the detectives decided the old crippled peddler was the man who had been seen running from the scene of both explosions. A search of his rooms revealed a half-finished bomb, a quantity of white powder which is believed to be an explosive of some sort and a large number of fuses.

CRIMINAL CODE BILL.

Liquor Question Injected Into Its Consideration by Senate.

Washington, D. C., Feb. 15.—The liquor question was injected into the consideration of the criminal code bill in the senate Thursday, when Senator Clay, of Georgia, attacked a provision of the bill, which he declared changed existing law to the extent of permitting the mailing of liquor into prohibition states or counties. This was brought about by leaving the prohibition of that practice out of the law as revised by the code.

"Liquor houses," said Senator Clay, "are relying upon this change to enhance their business."

Mr. Clay wished to know whether the commission to revise the code or the joint committee of congress for the same purpose had left that provision out of the code, and Mr. Heyburn, in charge of the bill, said the committee had taken part of the code from the commission without a change.

After considerable debate, on motion of Senator Carter the old law was substituted for the revised sections with a penal clause added.

Death of an Old Conductor.

Atlanta, Feb. 15.—Captain Isaiah C. Howard, next to the oldest conductor in point of service on the Atlanta and West Point railroad, died Thursday morning at the home of his sister, Mrs. A. S. Graves, in Oakland City, an Atlanta suburb, after an illness of several months. In 1856 Captain Howard took charge of a passenger train on the West Point road and from the day of his initial run he has been passing up and down the line between Atlanta and Montgomery almost every day. Between Atlanta and Montgomery there were mighty few people, even among the younger generations, who were unknown to Captain Howard.

Crew of the Berwind Saved.

Queenstown, Feb. 15.—The British steamer Mercedes de Larrinaga from Galveston, Jan. 25, for Manchester, passed Finsale Thursday and signaled that she had on board the crew of the American fourmasted schooner Edward J. Berwind, having picked up the men in mid-ocean. The Berwind left New Orleans Jan. 19 for Philadelphia. She carried a crew of ten men and was commanded by Captain Edward Macoy, of Milton, Del.

Escort for Autoists.

Chicago, Feb. 15.—An escort for the New York-Paris contestants as far west as Julesburg, Colorado, has been obtained by the bureau of tours of the Chicago Auto club. It is expected that within the next few days arrangements will be completed for a succession of guides over the entire route from Chicago to San Francisco.

$250,000 FIRE LOSS

Lithographic Plant at Buffalo Prey of Flames.

WAS LARGEST IN COUNTRY

Buffalo Evening Times Which Adjoined the Plant Was Damaged to the Extent of $50,000—Valuable Plates Destroyed.

Buffalo, N. Y., Feb. 15.—Fire which broke out on the fourth floor of the Courier Lithographing company, 197 Main street, and extending through to 204 Washington street, Friday morning, caused a loss estimated at $250,000. The plant is one of the largest of its kind in the country.

Just after the fire was discovered there were a series of explosions supposed to have resulted from the fire communicating with certain explosives used in the art department.

The press department of the Buffalo Evening Times, adjoining, was damaged to the extent of $30,000.

The Evening News has offered the Times the use of its presses and the Times will be run off from the News' press.

Besides a large quantity of valuable machinery in the Courier building, the company had just finished plates for a $180,000 contract for circus posters, and these were in an annex which was wrecked.

HAS REACHED A CRISIS.

Question of Japanese Exclusion from British Columbia.

Seattle, Wash., Feb. 15—A dispatch from Vancouver, B. C., to the Post-Intelligencer says:

The fight between the Dominion and provisional governments on the question of Japanese exclusion reached a crisis Thursday when the national government announced that it would immediately disallow the natal act just passed by the legislature of British Columbia.

This act provides an educational test for all immigrants. It must remain in force ten days before cancellation. Meanwhile the government lawyers in Vancouver have been instructed to secure the admittance of all Japanese held by the provisional enactment to the extent of applying for habeas corpus proceedings in the courts. The Ottawa government has also advised the emperor that the rights of Japanese coming to British Columbia will be fully protected.

If the provisional government fails to keep out the Japanese by reason of federal interference, working men may make another demonstration against the Orientals.

FIGHT AMONG BOYS.

Fatal Difficulty Occurs at Correctional Institute on Randall's Isle.

New York, Feb. 15.—One boy is dead from stab wounds and three are seriously hurt as a result of a fight Thursday in which twenty boys participated in the correctional institution on Randall's island.

The dead boy was Meyer O'Shansky, fourteen years old.

Rafaelo Sfonza, the same age, is under guard at the institution charged with having inflicted the wound which caused O'Shansky's death.

All the boys involved in the trouble were inmates of the institution.

Negro Convict Escapes.

Valdosta, Ga., Feb. 15.—A telegram to officers in this city, received Thursday, stated that Noah Davis, a negro murderer recently sent to the state convict camps at Tarver, Ga., had made his escape. Davis, it is said, murdered his son-in-law here some months ago, and was given a life sentence. The authorities have offered a reward of $50 for his capture.

Dispensary Law Good.

Montgomery, Ala., Feb. 15—The supreme court has held that the dispensary law at Florala is good, and refused to order the probate judge to issue license to certain men who had sought the authority to sell.

WRECK ON THE W. & A.

Head-On Collision Near Dalton, Ga. Brakeman Fatally Injured.

Dalton, Ga., Feb. 15.—In a collision between two freight trains on the Western and Atlantic railroad a few miles below the city early Friday morning, Brakeman C. E. Ward, of Tunnel Hill, was fatally injured.

The injured are Bob Squire, Marietta, Ga., fireman on the southbound train, kneecap bursted; F. A. Boston, of Atlanta, engineer, and Ed Puckett, foreman on northbound train, face and head cut; Will Hatzel, engineer on the southbound train, bruised about the head; W. A. Jackson, brakeman on the south bound freight, head and face bruised; Ike Cooper, brakeman on the southbound train, injured about the face.

No. 7, a local freight, was in charge of Conductor Hilley and Hollums was conductor of extra 174.

Both engines were badly torn up, but No. 7 engine, being a small one, fared worse than the other. Ten cars left the tracks, most of them loaded with merchandise.

It will probably be late before the wreckage will be cleared. All traffic will move over the Southern into Atlanta, as the Southern's tracks were not badly blocked.

DROWNED IN CELLAR.

Fatal Accident to Deputy Chief New York Fire Department.

New York, Feb. 15.—Charles W. Kruger, deputy chief of the New York fire department, was drowned in the cellar of No. 215 Canal street.

The building at No. 217 was on fire and Kruger went into the structure next door to aid in extinguishing the flames. He fell into the cellar, which was full of water, and was drowned.

Deputy Chief Charles W. Kruger, known for many years as "the Grand Old Man of the Fire Department," was dead when taken out of the basement. While working his way cautiously through a cellar filled with smoke and gases, Kruger plunged through a trap door into a basement filled with water. In the few minutes which elapsed between the time the old man fell his body was drawn out, more than a score of men risking their lives in the effort to save the life of their leader.

Chief Kruger was fifty-seven years old, and had been a member of the fire department for thirty-six years.

ATLANTA PUBLIC BUILDING.

Contract Has Been Awarded to McCaul Company for $799,130.

Washington, D. C., Feb. 15.—The secretary of the treasury has approved the recommendation of Supervising Architect James Knox Taylor that the contract for the completion of the Atlanta public building be awarded to the McCaul company, of Philadelphia.

The sum covered by this final contract is $799,130.

The granite to be used in the construction of the superstructure will be taken from the granite quarries at Lithonia and Stone Mountain, the interior will be of marble, the roof of slate, and the whole structure will be both ornate and substantial.

Colonel Livingston secured the gold pen with which the decision of Secretary Cortelyou was signed. He will preserve it as a souvenir of the campaign for the construction of this million dollar public building.

Brought Back from the Orient.

Honolulu, Feb. 15.—Horace G. McKinley, who is wanted at Portland, Oreg., in connection with the land land fraud cases and who was arrested at Mukden, China, was a passenger on the steamer America which arrived here Thursday from the Orient enroute to San Francisco. McKinley is in the custody of an officer of Portland.

Attempt to Loot Postoffice.

Knoxville, Tenn., Feb. 15.—A special to the Sentinel from Middleboro, Ky., says that an attempt was made to burglarize the Middleboro postoffice on Thursday night. After drilling a hole in the safe, the intruders fled, leaving their burglar tools and dynamite behind. Blood hounds have been put on the trail, but as yet no clew has been found.

DR. REESE IS CHOSEN

Elected Bishop Episcopal Diocese of Georgia.

ELECTION MADE UNANIMOUS

Dr. Reese Will Preside Over the Old Diocese of Georgia and Will Be Known as the Bishop of Georgia. Will Be Two Bishops for State.

Augusta, Ga., Feb. 15.—Rev. Frederick F. Reese, D.D., rector of Christ church, Nashville, Tenn., was elected bishop of the Episcopal diocese of Georgia by the clergy and laity assembled in annual convention at St. Paul's church, Augusta.

The strongest contest was made by the delegates supporting Dr. C. H. Strong, of Savannah, whose following has been consistent throughout. On the last ballot, however, the election was made unanimous for Dr. Reese.

Dr. Reese will not come to Georgia as a stranger. He is a native of the state and for years he was rector of Christ church at Macon, and was very popular not only with Episcopalians but all with whom he came in contact.

He left Macon to accept the rectorship of Christ church, Nashville, Tenn., where he is now located, and where he is greatly beloved.

At the recent general convention of the Episcopal church, held in Richmond, Dr. Reese was elected missionary bishop of a diocese in the northwest, but declined to accept on the advice of his physician, who declared that Mrs. Reese, who was not in good health, could not live in that climate. Dr. Reese is between 55 and 60 years of age, and is a sound and scholarly churchman.

From this on there will be two bishops of the Episcopal church in Georgia, the state having been divided into two dioceses.

Dr. Reese will preside over the old diocese of Georgia and will be known as the Bishop of Georgia. Savannah is the see of the diocese of Georgia.

Bishop C. K. Nelson selected the new diocese when the state was divided, thereby resigning the title of Bishop of Georgia, which he has borne for fifteen years, for that of Bishop of Atlanta—Atlanta being selected as the name of the new diocese.

QUIET AT FAIRBANKS.

But Precautions Have Been Taken to Guard Against Outbreaks.

Seattle, Wash., Feb. 15—A special cable to the Post Intelligencer from Fairbanks, Alaska, says:

Marshal Perry Thursday received the following from the department of justice: "Military forces ordered to Fairbanks. Meanwhile your duty is to protect law-abiding citizens without tenderness to law-breakers. Department expects you to use all necessary energy to preserve order and arrest the leaders in any attempt at intimidation. Those molesting Russians must be arrested, using such force as necessary to accomplish purpose.

(Signed) Bonaparte."

Everything was quiet Thursday.

Special deputies were organized into bands of ten under captains. Saloons are still closed.

Men arriving Thursday reported no molestation on the trail.

The chamber of commerce and the Arctic Brotherhood officially express approval of the action of the president in ordering troops to Tanana.

Women Will Make Protest.

Montgomery, Ala., Feb. 15.—Two members of the various women's societies are much exercised over the proposition in the city to tear away the fountain in Court Square, one of the landmarks of history from the wartime past. In order that they may be heard, three of them will be allowed to address the council at the regular meeting next Monday night in opposition to the removal of the fountain. The proposition is to put the fountain on the front part of the capitol grounds when they are finally worked over.

SOUTH MAY GET MANY MILLIONS

Strong Efforts Being Made to Have Cotton Tax Returned.

CONGRESSMAN CLARK'S BILL

May Yet be Means of Having Returned to People of Twenty-Eight States Money That Was Illegally Collected From Them.

The Jacksonville Metropolis of Saturday contains the following which will prove of especial interest here, since it was Congressman Frank Clark of this city who introduced the measure at the present session of Congress:

"An important meeting of Representatives of seven of the Southern States, was held in Washington this week for the purpose of setting on foot a movement looking to co-operative action for the enactment of legislation, introduced by Congressman Clark of Florida, directing the repayment of $68,000,000 collected by the National Government through a direct tax on cotton from 1813 to 1868, inclusive.

"It was determined to proceed with care and caution, with a view to educating public sentiment up to the point where the justice of the States which paid the tax may be generally recognized. It was decided that a bill should be drawn and introduced providing for the payment of the money to the various States and by the State governments returned to the individual claimants. This bill is not to bear the name of any member. It will provide that no assignee of any claim shall be paid, and will prohibit the payment of counsels' fees for the collection of the claims.

"While Senators and Representatives from Southern States will head the movement for the repayment of the tax, 28 of the States of the Union united in payment, the smallest amount having been paid by Iowa, which contributed 27 cents. The largest amount is due Georgia, and is $11,897,094.98.

"The conference was presided over by Representative Clark of Florida."

REAL ESTATE DEALS.

Property is Still Changing Hands in Progressive North Gainesville.

Property is still changing hands in North Gainesville, which is the best evidence that the good people in that suburb have confidence.

The last deal of importance was the sale by Rev. Wm. Carpenter to A. O. Steenburg of a handsome five-room cottage and lot, after which Mr. Steenburg transferred the same to N. U. Kline, who has been living on the place for the past year or more. Mr. Kline, realizing the convenience and value of the place, decided not to let go, with the result that he readily consented to buy.

Friends of Mr. Kline congratulate him upon this deal, which is one of the best made in North Gainesville for some time.

SAILOR CASTAWAY.

Norwegian Was Left on Lone Island in the Southern Pacific.

Norwalk, Conn., Feb. 15.—Mrs. J. H. Claridge, sister of Frederick Jeffs, the sailor who is supposed to be on one of the Gallapagos islands, has received from Norway a report of his casting-away last June and she fears that the attempt to rescue him, which is to be made by one of the ships of Admiral Evans' fleet, will be too late.

The vessel on which Jeffs was serving was wrecked on the island and all the crew reached shore safely. After spending several days on the island, all of the crew, except Jeffs, who was ill, journeyed from a place where they landed to the other end of the island looking for a ship. From there they were rescued, but the rescuing ship, being insufficiently provisioned, was unable to go after Jeffs.

Receiver Resumes Duties.

Cincinnati, O., Feb. 15.—James H. Goodrich, who was appointed receiver for the Chicago, Cincinnati and Louisville Railroad company by the federal court at Indianapolis, on Thursday, has assumed charge of the property here. Mr. Goodrich declined to make any statement, saying that he was not yet familiar with anything connected with his new position or the duties he is to assume.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. R. Wilson is now receiving the new things in spring goods. Some special bargains are offered for this week in silk pongee, mercerized voiles, etc. Read the new ad. of this popular store elsewhere in this issue.

Attention is directed to a change in the advertisement of The Continental Restaurant in this issue. One of the best chefs obtainable has been secured by the management and those desiring regular meals or special orders prepared in the best manner are invited to call at The Continental.

S. F. Hardee of Fairbanks, and J. W. Hardee of Paradise, were in the city yesterday. The former, who is now employed by the Alachua Naval Stores Company, had his name enrolled upon the subscription list of The Sun, as he stated he desired to keep posted on the happenings of the county.

Mrs. D. J. Hines and interesting little daughter, Miss Ernestine, are in the city from Louisville, Ky., and will remain here for several weeks as guests of the former's aunt, Mrs. T. S. Dorsey. Little Miss Ernestine is quite a cute little lady, and is already making friends among those whom she has met.

J. A. Roberts, formerly of this city but now of Hawthorn, where he is employed with the naval stores works of P. H. Baker, was in the city yesterday. Mr. Roberts has many friends in this section who are always glad to welcome him. He has been quite ill for several months, but is much better now.

Mrs. H. H. McCreary returned yesterday from Starke, where she went as a guest of honor at a reception given by Joe Wheeler Chapter, U. D. C. It is needless to add that Mrs. McCreary enjoyed her visit and the reception thoroughly, as the ladies comprising the U. D. C. at Starke are extremely hospitable.

William Bailey, a well-known phosphate prospector of Alachua who has made many discoveries of value to the miners of this section, was among those who spent yesterday in this city. Mr. Bailey has made several important investigations in the vicinity of Alachua which are yet undeveloped, but are bound to prove good.

Hon. W. H. Anderson of Bronson, tax collector of Levy county and one of the most prominent citizens of the county, passed through the city yesterday en route home from Jacksonville, where he has been for treatment. Mr. Anderson had the misfortune to have his shoulder dislocated through a disease some time ago, from which he has suffered a great deal. His friends trust that the Jacksonville treatment will prove of benefit to him.

The editor of The Memphis (Tenn.) Times writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the genuine in the yellow package.—J. W. McCollum & Co.

S. Sternberg, for many years a progressive merchant and prominent citizen of this city, but for the past two or three years residing in New York, where he is engaged in the manufacture of skirts, is here on a brief visit to relatives and friends. Mr. Sternberg has been on a visit to South Florida, including in his itinerary Tampa and the Fair, Ocala, and other points of interest. His friends here are glad to see him again.

Mr. and Mrs. E. H. Harden of Chester, S. C., are in the city, guests of the latter's cousin, Miss Bessie King. They were married on Monday last at Chester. Mr. Harden is well-known here, having visited the city as Miss Nannie Brice. She was a very entertaining young lady, and had a number of friends among the young people, all of whom are glad to welcome her again as a bride. Mr. and Mrs. Harden have been in South Florida on a bridal tour.

A. O. Steenburg and Geo. M. Weston made a trip to Rocky Point yesterday, where they went to look after some property. It is rumored that Mr. Weston, who was for several years superintendent of the famous Biltmore Estate in North Carolina, and who owns a nice farm in that State, is thinking seriously of locating here, as he has been looking after various lands in this immediate section. He is a cattleman who has no superior in the United States, and his location in this section would mean a great deal to the cattle industry here.

Neglected Colds Threaten Life.

[From The Chicago Tribune.]

"'Don't trifle with a cold,' is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by all druggists.

RIDGELY ABOUT TO RESIGN.

Comptroller May Take Presidency of Kansas City Bank.

Washington, D. C., Feb. 15.—It is stated on what is believed to be good authority, that W. B. Ridgely, the comptroller of the currency, has decided to accept the presidency of the reorganized National Bank of Commerce, of Kansas City, which suspended payment during the late financial stringency. Mr. Ridgely is now in New York arranging certain matters, it is believed, preparatory to taking active control of the bank.

Lawrence O. Murray, now assistant secretary of the department of commerce and labor, it is understood, will succeed Mr. Ridgely as comptroller of the currency. Unless something unexpected occurs to disarrange present plans, the changes incident to Mr. Ridgely's retirement will take place at an early date.

RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense curative. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of th system. The circulation deposits this irritating poison in the different muscles, nerves, tissues and joints of the body, and soon the painful symptoms of Rheumatism are produced. The pains at first may be wandering and slight; but as the blood becomes more fully saturated with the uric acid poison, the disease grows worse and after awhile gets to be chronic. The slight, wandering pains now become sharp and cutting at the least exposure to dampness or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectually as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of the disease has been removed. Special book on Rheumatism and any medical advice desired free.

HON. J. S. BEARD MADE A GOOD TALK

Audience Was Not Large, But Representative and Very Attentive.

PAID THEM HIGH COMPLIMENT

Stated That, While He Realized His Hearers Were Small in Number, They Represented the Best Element of the Voting Faction of This District.

Hon. J. S. Beard of Pensacola, candidate for the United States Senate, opened the campaign in Gainesville Saturday by speaking to an audience in the court house of probably seventy-five people.

While the audience was not as large as he had anticipated, owing to the fact that it had not been properly advertised, the speaker began by saying that he was grateful for the fact that it was a representative audience, 90 per cent of whom, he ventured, had a vote in the coming Democratic primary.

Senator Beard spent a little less than an hour expressing his views on various matters politic, and at the conclusion it was easily seen that he made a good impression.

Senator Baird arrived in the city Friday evening, and spent the evening and the following day in renewing old acquaintances and making new ones. He is a gentleman of pleasing address, a most genial disposition, and destined to make friends wherever he goes.

While here Senator Beard was a guest of The White House.

A Pleasant Party.

Ulric Bailey celebrated his fourteenth anniversary at the home of his parents, Mr. and Mrs. O. B. Bailey, North Gainesville, Friday afternoon, and it is needless to add that the large crowd of his friends present enjoyed the evening to its fullest extent.

Master Ulric, with a desire to create something novel, secured a mule team and visited each of his invited guests, conveying them to the home. This was a pleasing as well as a most amusing feature of the evening.

The evening was passed in an appropriate manner, games, etc., being indulged in. Refreshments were also served.

THE "OLE HOSS" SALE.

Lots of Fun and Some Profit from Southern Express Sale Saturday.

The "ole hoss" sale of unclaimed freight at the office of the Southern Express Company, which is held annually, was pulled off at the office yesterday, Auctioneer John W. Davis conducting the sale.

Auctioneer Davis, who has been in the employ of the Southern Express company for several years, has made a great success of all sales, and managed to dispose of four hundred and twenty packages at this sale, some of value and "some not"—but the fellow who bought the package paid the price, and it was really amusing at times to see the contents opened, when one was good-natured enough to display the package he had purchased. As an evidence, one fellow who bid $2.50 on what he thought was a suit of clothes, opened up a package of samples of cheap paper, while the other fellow who thought he was getting nothing secured in many instances good values at a low price.

FRIDAY NIGHT'S RAIN.

Rain Was General Throughout This Section, Doing Great Good.

A general rain prevailed in this section Friday night, or early Saturday morning, which, after the warm spell, proved a great benefit to the truckers and growers. It was a welcome visitor to all who are engaged in the work of agriculture and truck growing, as it acted as a kind of natural irrigation.

The farmers of Alachua county have so far been blessed this year with their crops, and hope by favorable conditions to eclipse anything of the preceding years. The stands are good, the seeds are good, the work is good, and altogether the crops of the county as a whole this coming year should exceed anything ever produced in the county. All the work has been well done, and it now rests with nature to do the balance.

Accident to Small Boy.

Master Lee, the bright little son of Mr. and Mrs. E. M. Beville, was the victim of an accident a day or two ago which cost him the price of the fourth or index finger of his left hand.

While the little fellow was playing with a hatchet he let the heavy instrument down suddenly on his left hand, striking the finger and almost severing it. He was brought immediately to this city to Dr. J. F. McKinstry, Jr., but the wound was of such a nature that amputation became necessary.

The little fellow stood his troubles like a man, and the chances are that he will soon be all right again.

Funeral of Miss Higginbotham.

The funeral of Miss Cansas Higginbotham, the death of whom occurred at the home of her brother, I. D. Higginbotham, South Gainesville, Friday afternoon, was held at 2:30 o'clock from the residence Saturday afternoon, Rev. S. B. Rogers of the First Baptist church officiating.

The funeral was well attended, many friends of the deceased having attended the services as a last mark of respect.

Friends of the family extend sincerest sympathy in their sad hour of bereavement.

A NEW INDUSTRY.

The Brown-Jennings Hardwood Plant is Now Ready for Business.

Gainesville has a new industry, which is no more than the Brown-Jennings hardwood plant.

This industry, which will manufacture rims and spokes for wagons from hardwood, has just turned on the steam. The new firm will employ several hands, and will add materially to the commercial advantages of Gainesville.

The new plant is located in South Gainesville, and will begin work right in a day or two. They expect to ship their wares to every part of the United States, and will no doubt enjoy a fine trade.

Dr. Kelley is Pleased.

Dr. J. L. Kelley, County Superintendent of Public Instruction, has returned from a visit to the Pine Cottage, Antioch and LaCrosse schools, and is well pleased with the condition of all of these institutions.

"I feel particularly grateful to the teachers of these schools," remarked Superintendent Kelley. "They have worked hard and faithfully but I must give the pupils credit by saying that they, too, have been faithful, and the combination has worked marvels. I am proud of these schools, their teachers and the pupils."

The LaCrosse school has been closed temporarily, on account of illness and the fact that many of the farmers are busy and, being unable to secure help on the farm, were compelled to take their children from school to assist them. The school will reopen in a short time, however.

Dr. Kelley is now busy visiting the schools, and those who desire to see him in his office should come on Saturday.

B. Y. P. U. Party.

Friday evening the home of Rev. and Mrs. S. B. Rogers was the scene of one of the brightest of the many delightful affairs enjoyed there.

The occasion was the masked party, given by the B. Y. P. U. of the First Baptist church. The members and their friends were out in full force, making as motley an assemblage in their fancy costumes as any Twelfth-Night festival of olden times.

The evening of merry-making was greatly enjoyed by everyone present. It was with regret the company broke ranks to go home.

Nothing could have been more brilliant, and the success was most gratifying to those who worked unceasingly for just such a successful entertainment.

Dr. Marsh, Prominent Physician, is Working to That End.

Dr. C. F. Marsh, a prominent physician of Pensacola, has been in the city for the past few days in the matter of establishing a National hospital and sanitarium here, and so far has met with remarkable success.

Dr. Marsh is a man of excellent bearing, a gentleman of the first professional mark, and is meeting with good success here so far. His idea is to establish a hospital which will gain a National reputation, modern in every way, and if he succeeds it will mean a great deal for Gainesville and the State.

Of Interest to Theater-Goers.

One of the events of the season will be the coming of the Murray Comedy Company, a popular-priced attraction well known and favorably commented upon from the East to the West—the cities say it is as good as the best. A roster of eighteen people and specialties galore. In fact the curtain is never run down for more than a minute. The opening play will be a four-act comedy-drama, a pure heart-stirring story, comedy and tears skillfully intermingled—a play way above anything ever seen here at popular prices. Manager J. Rus Smith, the proprietor, is to be congratulated upon his good work in getting together such an aggregation. The Murray Comedy Company will be here for three nights, commencing Thursday, February 20th. Every lady accompanied by a person with a paid 50-cent ticket will be admitted free on opening night if purchased before 6 o'clock.

The secretary of the navy has served notice that if there is any further adulteration of battleship coal with dynamite, he will rescind the contract. This thing of substitution is reprehensible and should not be tolerated.

The rural-free-delivery routes in the postal system of the United States now number more than thirty-eight thousand, and they serve upward of fifteen millions of people or practically one-sixth of the entire population of the country.

The dispatches the past few days contain the information of the resumption of operations by many of the mills and factories in various sections of the North and East, which were closed down as a result of the panic. Of course their reopening will have to be credited to Republican prosperity.

If any of the title-hunting American heiresses are looking for something out of the ordinary in the line of titles, they may be interested in the coming of Nawab El Mulk, says The New York Commercial. We don't know whether he's in the market or not, nor do we know what a "nawab" is, but anyway it is different from the lord, duke, count and those other titles which are becoming so commonplace in the divorce news.

THE CHOICE.

The next President of the United States in all probability will be either Taft, Hughes or Bryan, says The Wall Street Journal. If Taft or Hughes is not nominated, and the candidacy of Bryan appears too menacing, then there might be a stampede of the Republican Convention for Roosevelt.

There appears to be no question as to Bryan's nomination by the Democratic convention, and it is no secret that he regards his chances of election as exceedingly bright.

Taft's complete victory in Ohio makes him the leading candidate for the Republican nomination. He looks more than ever a winner.

Every speech that Hughes makes, however, increases his strength. He is a growing man.

There is nothing in this outlook that is pleasing to the "reactionary." One of these four men may seem to him worse than the others, but they are stamped with varying degrees of "radicalism." If the Bourbon element in Wall Street were entitled to choose among these four "evils," it is safe to say that they would take Hughes or Taft before Bryan or Roosevelt.

THE PUBLIC BUILDING.

It having been rumored, or the report having been started in this city and section, that the appropriation for the proposed Government building would be considerably delayed, owing to the fact that there would be no public-building bill introduced at this session of Congress, Postmaster L. C. Lynch authorizes the statement that he has the assurance of Congressman Frank Clark that the increase in appropriation will be forthcoming at the present session.

Congressman Clark added that, while there was no certainty of a public-building bill, he expected the increase to be granted under the act of the sundry civil bill.

The supervising architect is now working on new plans, as the change of Alachua county from the Southern to the Northern District of Florida, necessitating the holding of United States court here, also necessitated a larger and differently arranged building.

Speaking of conditions of the naval stores industry in Florida, The Industrial Record says: "The Record is in possession of information to warrant the statement that the box cut this year will be far below that of last year. This statement is made after a careful study of all the letters which have been received here during the past few weeks. Operators have been doing their best this winter to keep the box cut down. Acting upon the suggestion of the executive committee of the Turpentine Operators' Association, they have refrained from cutting boxes and have only done so when it was necessary to protect the leases they hold upon timber."

The Marianna Times-Courier describes a new variety of cotton originated by B. B. Harden of Nashville, Ga., whose stalks are so completely covered with cotton that any good picker could easily sack 500 to 1,000 pounds a day with his hands in any field of it. It is said that it is good for four bales to the acre. This is the result of careful culture and the selection of the best seed from the best stalks, carried on for several years. Evidences multiply that almost any plant cultivated can be materially improved in productiveness and in quality by judicious and continued selection of the best in seed or in bud.—Times-Union.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

LAW AND PUBLIC SENTIMENT.

As an illustration of the sometimes curious workings of the law and of public sentiment the case of Captain William H. Van Schaik is impressive. Alone of all the persons directly or indirectly responsible for the thousand and more human lives sacrificed in the burning of the excursion steamer General Slocum in New York waters—officers of the owning corporation, Government inspectors and other officials, officers and crew of the boat and the sellers of weighted life-preservers—he had been adjudged guilty of criminal negligence and is now facing a term of ten years' imprisonment; and this, too, after a lapse of nearly four years from the date of the disaster. He was not alone responsible, of course, nor chiefly so; and to convict any of the others equally guilty with him at this late day would be impossible. The prompt indictment of a dozen or more of the criminally negligent immediately following the fire and immediate trials would unquestionably have distributed the penalties for this crime more equitably; and more speed in the Van Schaick case might have resulted in a prison term for him nearly half served out today. Three years ago popular indignation was such that presumably nobody would have presumed to start a petition for the Captain's pardon; today almost everybody and anybody would sign such a document on presentation; and the probability is strong that the Government itself will be inclined not to make undue haste in jailing a man seventy years old who must already have suffered keenly, for his negligence through nearly four years.—New York Commercial.

The State Sunday School Association will hold its annual convention in Ocala April 7th to 9th, inclusive. Mrs. Mary Foster Bryner, field worker of the International Sunday School Association, whose headquarters are in Chicago, will be present at the convention, and it is hoped that Mr. Charlie Tillman of Atlanta, the celebrated leader, will be present to have charge of the music. It is hoped that the Sunday schools of the State will be represented, and that the work will receive a renewed impetus through the influence of this convention. Col. J. M. Rivers is a member of the executive committee.

SHORT STATE ITEMS

The St. Lucie County Bank has opened up for business in Jensen.

County division in Dade county is being discussed quite freely already.

The public school at Crescent City was closed last Monday for a week owing to a scarlet fever scare.

Jim Whitfield was stabbed to death by Bob Cone, both negroes. The fight occurred at 103 Cleveland street, in Jacksonville.

The retail merchants of the State are in convention in Jacksonville. There is a fair attendance and much enthusiasm is being manifested.

Ben Forsyth, a fifteen-year-old lad of Starke, was lost in a pine forest near the above-named place and wandered about for 48 hours without food or drink.

"The Elmer H" is the name of the new passenger boat which will make regular runs between St. Augustine and Miami. The boat made her maiden trip last week.

The complaint among mill men at Jennings now is that they cannot get laborers to work. The high wages which prevailed in the past have completely demoralized the section. Men will not work for lower wages.

Three negro delegates sent to the immigration convention which is being held in Tampa were refused seats and asked to retire. Delegations from South Carolina, Tennessee, Georgia and Virginia objected to their presence.

The Southeastern claim agents held a convention at St. Augustine during last week. The railroad men opened the convention Friday. There were about 50 claim agents in attendance and they discussed many important matters in connection with their business.

The people of this State will be somewhat interested in the results of experiments with the prickly pear, which are about to be undertaken by Mr. W N. Mason, of the Agricultural Department, on the Federal Experiment Farm at San Antonio, Texas. Should the experiments prove successful, this hitherto worthless plant may prove to be a valuable asset and waste land suited to its growth become immensely valuable.—Florida Agriculturist.

Blountstown was treated to something new on Tuesday, when a party arrived from Marianna in an automobile, which was the first of these machines ever known to traverse the streets of this beautiful woodland town. The machine proved an object of great curiosity to the vast majority of our citizens, and was closely inspected by the large number of people who saw it. Uncle Tom Parish was especially taken up with the machine and prevailed upon the owner, Mr. Finlayson, to take him and a few others for a "spin." While flying through the air, Uncle Tom held both his hat and his breath.—Marianna Courier.

Negro Shot His Wife.

Cordele, Ga., Feb. 15.—Lannie Clark, a negro, who lives at Hatley, Crisp county, in attempting to shoot his wife Wednesday morning, by accident let the first load of shot penetrate his own foot, tearing it to pieces, but not daunted by the accident, reloaded and fired the other barrel at his wife, the load taking effect in her shoulder. The negro was arrested.

THE REAL TEST

Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair tonics may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

Many do not, but Herpicide does. Why? Because it goes to the root of the evil and kills the germ that attacks the hair and from whence the hair gets its nourishment.

Testimonials from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

For sale by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Regular sizes—50 cents and $1.00.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SEA ISLAND COTTON.

Savannah Market Ruled Quiet, With Irregularity in Prices.

Savannah, Ga., Feb. 15.—The market for Sea Islands was quiet during the past week, with a good deal of irregularity in prices paid. Quotations are reduced 2 cents for extra choice Georgias, and are put at the previous inside figure for choice. The very inclement weather throughout the week interfered somewhat with business, but fair sales were made. The business was mostly in extra choice Georgias, choice, and extra fine; other grades were rather neglected. The demand was mostly for Eastern mills.

The following prices are based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	28	
Fancy Georgias	27	@28

Charleston, S. C., Feb. 15.—Sea Island market: Receipts, 51 bags; exports, 62 bags; sales, none; stock, 2,807 bags; market quiet; fine, 35½c; off color, 32c; No. 1 tinged, 28c.

LETTER TO DR. WATSON PORTER, Gainesville, Florida.

Dear Sir: A new word has come into use in paint; it is strong. Strong paint is paint as strong as paint can be. Weak paint is paint not so strong.

If one paint takes 10 gallons to do a job and another 15, the 10-gallon paint is the strongest.

If one paint wears 10 years, and another 5, the 10-year paint is the stronger.

The strongest paint is the one that takes least gallons and wears longest.

But do such differences exist? Yes and greater. Devoe is the strongest of all. A job that takes 10 gallons Devoe takes more than 20 of some. And a job of Devoe wears several times as long as a job of some paints.

O. E. Perry, East 8th street, Erie, Pa., painted two houses same size; same time; with two paints same price; took 3 gallons Devoe to 4 of the other; and in three years Devoe was the better looking job.

There are strong and weak paints; we all want the strongest; paint can't be too strong. Yours truly,

Close of Paradise School.

Miss Mattie Mills, of Jennings, Fla., closed a most successful term of school at Paradise last Friday. Miss Mills is a fine teacher and has made many friends in this vicinity. Any school that secures her services is indeed fortunate. She begins another school at Bell this week. May success and happiness attend her.

THE NEWS FROM MELROSE.

Pleasant Birthday Party—Valentine Dance—News Notes.

Melrose, Feb. 15.—A very jolly surprise party was given at the Huffman House on Monday night in honor of Miss Nettie A. Huffman's birthday. The evening was pleasantly passed with playing games and dancing. A beautiful birthday cake with seventeen candles was presented during the evening.

David Cole and wife of Selina, Ohio, are new arrivals in town.

E. J. Whitehead has returned from Jacksonville, where he had gone to purchase furniture for the completion of the Masonic lodge rooms. J. A. Remmel returned with him. Both took in the Exposition and express themselves highly pleased with all they saw. Your correspondent was the recipient of a fine spear made by the Iggorotes from the Philippines, which was presented to him by E. J. Whitehead. It is a most cruel-looking weapon.

H. Jackson has received notice that the mail contract for the route between Melrose, Earleton and Waldo has been awarded to him.

The fact that the telephone between Melrose and Waldo is once more in working order is much appreciated by the merchants and many of the Northern visitors.

Messrs. J. W. Johnson and B. Lariar gave a delightful Valentine's Day dance at the Ladies' Hall on Friday night.

Mrs. M. H. Phifer and baby of Gainesville are visiting at the Huffman House.

Real estate is still changing hands, several transactions taking place during the past week.

The Ladies' Literary and Debating Society will give one of their pleasant social evenings February 21st.

Even from the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for rheumatism and can recommend it as the best Liniment on the market. I thought, at the time I was taken down with this trouble, that it would be a week before I could get about, but on applying your Liniment several times during the night, I was about in 48 hours and well in three days." Sold by W. M. Johnson.

HAWTHORN NEWS NOTES.

Hawthorn, Feb. 15.—The Ladies' Improvement Society gave a supper at the town hall recently. The supper was well patronized and a neat little sum was raised. The society is having shade trees planted along the streets and about the town in general. The society has done a great deal toward beautifying the town. Arbor day was observed at the public school with a short program by setting a few trees. There are now thirty-eight trees in all on the school lot.

There are quite a number of tourists in town now and all appear to enjoy the hunting and fishing.

F. J. Hammond reports his orange grove as being loaded with bloom buds. The orange groves in general are looking well and a large crop of the golden fruit is expected.

The framework for Hammond's new warehouse is now up and the building will soon be ready for use.

Mr. and Mrs. A. H. Carter and son, Donald, of Lebanon, N. H., are at Moore's Hotel for a season.

Messrs. Lute and Newton Petrie of Hopkinsville, Ky., after several weeks here, have gone for a trip on the Ocklawaha to see the sights along that famous river.

Gen. Wingate and family of New York are expected to arrive here soon.

B. F. Dyess, who has been quite ill for some time, is reported as improving.

John D. Teeter is quite low at this writing on account of heart trouble.

Simple Remedy for La Grippe.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. BIG DENVER AUDITORIUM.

Where National Democratic Convention Will Meet.

Denver, Colo., Feb. 15.—The new auditorium in this city which is being hurried to completion for the meeting of the national democratic convention July 7, is one of the largest buildings of its kind in the United States. It is larger than Madison Square Garden in New York, which, until recently was the most spacious assembly hall in the country. Madison Square Garden seats 12,137, while the seating capacity of the Denver auditorium is 12,500.

The Denver auditorium is admirably located, being situated in the business center of the city and within a few minutes' walk from the union depot, and only a block from the Central, where all car lines of the city convergo.

Of all the assembly halls in the United States, the Denver auditorium is the largest and has the most complete equipment. There will be no arclights used in the auditorium. A series of fourteen mammoth "cluster" lamps in the ceiling, each have 1,280 candle power, will provide the principal illumination. Four thousand smaller lights will be placed in various parts of the vast hall. There are over 200 lineal feet of exits, being greater than for any similar building in the United States.

These exits are so distributed that the building can be emptied entirely within two minutes. The building is entirely fireproof material. It will be seated with poplar chairs throughout and will contain an immense proscenium and stage, which will adapt the building to the purposes of grand opera, festivals and similar entertainments, as well as conventions.

DIED IN A HOVEL,

But Miser McMillin Always Carried About His Person a Fortune.

Chattanooga, Tenn., Feb. 15.—Possessing a fortune of at least $150,000, John McMillin, aged 86 years, died Friday morning in a hovel in the outskirts of Chattanooga. He had for years lived apparently in poverty, being seen on the streets at infrequent intervals. When away from his shack he invariably carried a chip market basket which, it has been learned since his death, contained cash and papers worth over $100,000.

At one time he owned a great deal of real estate, but six years ago his son committed suicide, after which the old man coverted most of his property into cash. So far as known he left no will, and the fortune will go to his only daughter, Mrs. James McCluggage, of Rose Hill, Kans. It is said that the old man and his daughter had been estranged for many years past. It is learned that he had on deposit in Knoxville banks about $60,000; $18,000 in Athens, Tenn., and at least $40,000 in this city. His papers are valued in the neighborhood of $50,000.

NO RIGHT TO BALLOT YET.

Mrs. Cora F. Trow, of New York, on Woman Suffrage.

New York, Feb 15.—Mrs. Cora F. Trow caused consternation in a meeting of the West End Woman's Republican club Thursday by stating that until women had learned how to hold legal elections in their own clubs they had no right to demand the ballot.

She said that women voted for the officers of their clubs because they liked the way a candidate dressed her hair, or because they disliked the woman who placed the opposition candidate in nomination. Women should study civics, she said, and become qualified to take part in the government of the country before they demand a right to vote.

The Tears He Shed.

"Over in Illinois when I was a boy," said a congressman from the state to a reporter, "there was a lawyer named Hathaway, who lived in my native town and who had something the matter with his eyes. I think the doctors said his lachrymal glands were weak. Anyway, he was always wiping his eyes. Sometimes it was amusing in court to see him bring out his big red bandanna and wipe his eyes when he was talking to the court upon some dry legal proposition. You know you rather expect a lawyer to do it before a jury in criminal practice. Well, they used to tell this story on Hathaway: One day a woman came into his office to consult with him regarding the beginning of a suit for divorce from her husband. She related how she had been abused and told a story of suffering. Just at this point Hathaway reached for his handkerchief and wiped his eyes. His client, who was of a sympathetic nature, sought to stay his arm and said:

"'Don't cry, Mr. Hathaway; don't cry.'

"Hathaway was sensitive regarding his infirmity, but he always laughed heartily when the story was told in his presence."—Washington Star.

Well Placed.

There had never been any difficulty about securing Mrs. Homer Clay Washington of Maple court when one more woman was needed for washing or scrubbing, so that when two postal cards failed to bring her to the Morse residence one winter Mrs. Morse went to see what could be the trouble.

She found Mrs. Washington, evidently in the best of health, entertaining two of her neighbors and was welcomed most cordially.

"I suttinly is pow'ful glad to see yo', Mis' Morse," said the hostess, "an' is de fambly all tol'able well dis winter?"

"Not as well as we should be if you had come to help us out," said Mrs. Morse. "Why didn't you come when I wrote you? We thought you must be ill."

"No, indeed, Mis' Morse," and the black head tilted airily; "I's enjoyin' de best ob health, an' de char'ty society done 'stablish a bread, soup an' coal fund up at de corner, so none ob us ladies in de co't has to work dis rheumaticky time ob yeah.

LAWS OF WAR.

The Code That Governs Hostilities Between Civilized Nations.

The "laws of war" as at present formulated by the civilized nations forbid the use of poison against the enemy; murder by treachery, as, for example, assuming the uniform or displaying the flag of a foe; the murder of those who have surrendered, whether upon conditions or at discretion; declarations that no quarter will be given to an enemy; the use of such arms or projectiles as will cause unnecessary pain or suffering to an enemy; the abuse of a flag of truce to gain information concerning an enemy's positions; all unnecessary destruction of property, whether public or private.

They also declare that only fortified places shall be besieged, open cities or villages not to be subject to siege or bombardment; that public buildings of whatever character, whether belonging to church or state, shall be spared; that plundering by private soldiers or their officers shall be considered inadmissible; that prisoners shall be treated with common humanity; that the personal effects and private property of prisoners, excepting their arms and ammunition, shall be respected; that the population of an enemy's country shall be considered exempt from participation in the war unless by hostile acts they provoke the ill will of the enemy.

Personal and family honor and the religious convictions of an invaded people must be respected by the invaders and all pillage by regular troops or their followers strictly forbidden.

GOT HIS OMELET.

Why One Man Ceased Trying to Be Funny With Waiters.

"I've never tried to be funny with a waiter," the traveler was saying, "since the time when I had a little experience with one in California. It was several years ago, and I was rather 'fresh.' I stepped into a restaurant one morning and ordered an omelet.

"'What kind?' asked the waiter.

"'Why, are there more kinds than one?' I said.

"'Oh, yes, sir,' he answered me; 'there are several.'

"'Well, bring me an ostrich egg omelet.'

"'All right, sir,' he said, 'but you'll have to wait quite awhile. It takes a long time to make an ostrich egg omelet.'

"I told him I had plenty of time. He went away and was gone fully an hour. Then he came back with a big covered dish.

"'There you are, sir,' he said, placing it before me and uncovering it.

"Well, it was an omelet, all right, and big enough for half a dozen men. Whether there was an ostrich farm in the neighborhood and he got a real ostrich egg or whether he made it from a couple of dozen hens' eggs I don't know, but I distinctly remember that it cost me $2—and I learned a valuable lesson."—Youth's Companion.

POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order, C. L. KITE.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly, BEN T. ARNOW.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully, CHAS. PINKOSON.

AN OLD SALEM STRATEGIST.

The Cruise of the Rajah and a Corner in Wild Pepper.

Evidently Americans were hustlers and strategists of commerce from the beginning, for witness a good story of fact as told by Ralph D. Paine in the Outing Magazine:

"In 1793 Captain Jonathan Carnes of Salem was looking for trade along the Sumatra coast. Touching at the port of Bencoolen, he happened to learn that wild pepper might be found along the northwest coast of Sumatra. The Dutch East India company was not as alert as this solitary Yankee shipmaster roaming along strange and hostile coasts.

"Captain Carnes kept his knowledge to himself, completed his voyage to Salem and there whispered it to a merchant, Jonathan Peele, that as soon as possible a secret pepper expedition should be fitted out. Mr. Peele ordered a fast schooner built. She was called the Rajah and carried four guns and ten men. There was much gossiping speculation about her destination, but Captain Carnes had nothing at all to say. In November, 1795, he cleared for Sumatra, and not a soul in Salem except his owner and himself knew whither he was bound. Her cargo consisted of brandy, gin, iron, tobacco and dried fish to be bartered for wild pepper.

"For eighteen months no word returned from the Rajah and her mysterious quest. Captain Carnes might have been wrecked on coasts whereof he had no charts, or he might have been slain by hostile natives, but Jonathan Peele, having risked his stake as Salem merchants were wont to do, busied himself with other affairs and pinned his faith to the proved sagacity and pluck of Jonathan Carnes.

"At last a string of signal flags fluttered from a station at the harbor mouth. Jonathan Peele reached for his spyglass and saw a schooner's topsails lifting from seaward. The Rajah had come home, and when she let go her anchor in Salem harbor Captain Jonathan Carnes brought word ashore that he had secured a cargo of wild pepper in bulk which would return a profit of at least 700 per cent on the total cost of vessel and voyage.

"In other words, this one 'adventure' of the Rajah realized what amounted to a comfortable fortune in that generation.

"There was great excitement among the other Salem merchants. They forsook their desks to discuss this pepper bonanza, but Captain Jonathan Carnes had nothing to say, and Jonathan Peele was as dumb as a Salem harbor clam. The Rajah was at once refitted for a second Sumatra voyage, and in their eagerness to fathom her dazzling secret several rival merchants hastily made vessels ready for sea with orders to go to that coast as fast as canvas could carry them and endeavor to find out where Captain Carnes found his wild pepper. They hurried to Bencoolen, but were unsuccessful and had to proceed to India to fill their holds with whatever cargoes came to hand. Meanwhile the Rajah slipped away for a second pepper voyage and returned with 150,000 pounds of the precious condiment."

A Wide Distinction.

Barney Malloy and Mike Cairey were shingling a roof. "Barney," Mike asked, removing a bunch of shingle nails from his mouth and settling back comfortably, "what is the difference between satisfied and content?"

"The difference? Sure, there's none," answered Barney. "If you're satisfied, you're content, and if you're content you're satisfied."

"That was my opinion, too, Barney, my boy, up to now, but it struck me like-like as I put that last nail in that I am satisfied, all right, that Molly Casey is my wife, but I am darned sure I am not content!"

Scatless.

An English hostess was entertaining about 300 people at a reception and had provided only about seventy-five seats. In despair she said to a companion: "Oh, I am so distressed! Not three-fourths of these people can sit down!"

"Bless my soul, madam!" he exclaimed. "What's the matter with them?"

Chamberlain's Cough Remedy a Favorite.

SNOW BLINDNESS.

The Way This Terrible Affliction Affects Its Victims.

Snow blindness is an affliction little known through description, though not very difficult to describe, for here the strongest adjectives need few qualifications. The pain does not follow immediately upon the straining which seems to be its cause. After a long day of haze the traveler finds when he gets into camp that his eyes are a little itchy and that they water if he comes too near a fire or any source of heat. Later they feel as if there were a trace of smoke in the tent, then as if a grain or two of sand had got under the eyelids and finally as if the eye sockets were lined with sandpaper. Every movement of the eye causes pain, and then the pains begin to come without a provoking roll of the eyeball. At first there is a dull ache, growing gradually sharper until toward morning of a sleepless night it throbs through the eyes every few seconds, with twinges comparable to, but not equaled by, the shooting pains of toothache. It is the only affliction with the pain of which the ordinary Eskimo cries out. The severity of the attack diminishes toward the end of the first twenty-four hours. For the larger part of that time the sufferer usually keeps his tent, moaning and occasionally crying out sharply, lying on his face, with both hands covering his closed eyes to keep out the faintest possible light. On the second or perhaps third day he is able to travel, but is very nearsighted and sees everything double. In a week or so, if the weather is hazy or he has no goggles, the same individual may have another attack, but the first attack of the year is the most severe apparently. Every attack weakens the eyes and predisposes to further attacks, which—so at least the Eskimos believe—finally lead to total blindness, an affliction rather common among the Eskimos.

Keeping the eyes from strain and, if possible, focusing them continually on some dark object, such as a black dog in one's team, is believed by the natives to be the chief safeguard. The same view is held by many of the royal northwest mounted police, whose duties within the arctic and on the plains of the northwest frequently expose them to snow blindness. Nothing perhaps could more clearly bring out the trying nature of the affliction than the fact that one or more suicides among the policemen on spring duty in the northwest are attributed to inability to bear the pain of snow blindness. Occasionally the police employ the amusing but apparently rather effective device of painting the nose black and trying to focus the eyes upon it. The type of nose may have something to do with the effectiveness of this scheme.—V. Stefansson in Harper's Magazine.

An Old Joke.

My Lord Craven, in King James First's Reign, was very desirous to see Ben Jonson, which being told to Ben, he went to my Lord's House; but, being in a very tatter'd Condition, as Poets sometimes are, the Porter refus'd him Admittance, with some saucy Language, which the other did not fail to return. My Lord, happening to come out while they were wrangling, asked the occasion of it. Ben, who stood in need of no-body to speak for him, said, he understood his Lordship desired to see him; you, Friend, said my Lord, who are you? Ben Jonson, reply'd the other. No, no, quoth my Lord, you cannot be Ben Jonson who wrote the Silent Woman, you look as if you could not say Bo to a Goose. Bo, cry'd Ben. Very well, said my Lord, who was better pleas'd at the Joke than offended at the Affront, I am now convinced by your Wit, you are Ben Jonson.—"Joe Miller's Jest Book," 1739.

The Martial Spirit.

"When you go into battle," said the human analyst, "do you feel your heart surge with hostility toward the foe or anything like that?"

"Yes," answered the military expert. "In time of war we feel even more resentful toward the foe than we feel toward our rival associates in time of peace."—Washington Star.

A Study in Dimensions.

"Jimmy, how large a piece of cake do you want?"

"I want a big piece, but don't gimme so much that I'll have to divide it with sister."

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.
